DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "at least one of the lamination rolls" in line 11.

There is insufficient antecedent basis for this limitation in the claim. Additionally, it is unclear if applicant intends to positively recite small perforations as part of the overlapped layers.

Claim 2 recites the limitations "left semi-belt" and "right semi-belt" in lines 2-3. There is insufficient antecedent basis for this limitation in the claim. Clarification of the claim is required. "Where the metes and bounds of a claim are indefinite, it is improper to base a rejection on speculation as to the meaning of the claim." *In re Steele*, 305 F. 2d 858, 134 USPQ 292 (CCPA 1962).
